

**DAMS-FEDERAL AGRICULTURE PROGRAM
1939**

K.S.A. 82a-312. Dams built under federal agricultural program; approval by chief engineer. Any landowner or operator who desires to construct, or who has constructed a dam, for agricultural purposes on his or her own land or land operated by him or her, as a part of the federal agricultural conservation program without complying with the provisions of K.S.A. 82a-301 to 82a-305, both sections inclusive, may make application to the chief engineer of the division of water resources for approval of the construction of such dams. **(History:** L. 1939, ch. 354, § 1; March 14.)

K.S.A. 82a-313. Same; plans to accompany application. Each application for such approval shall be accompanied by plans of the dam that has been built or shall be built showing the area of the drainage basin above the dam, a cross section of the dam site, a cross section, plan and elevation of the dam, a plan of the spillway and such other data and information as the chief engineer of the division of water resources may require. **(History:** L. 1939, ch. 354, § 2; March 14.)

K.S.A. 82a-314. Same; revision of plans. If the plans are found to be satisfactory and upon examination, the dam is found to be constructed in accordance with such plans, the chief engineer shall approve the plans and the construction of the dam. If the plans fail to meet the requirements of the chief engineer, the owner shall make such changes in or additions to the dam as may be required and submit revised plans. If such revised plans are satisfactory and the dam is found to be constructed in accordance with them, the chief engineer shall approve such revised plans and construction. **(History:** L. 1939, ch. 354, § 3; March 14.)
